With that said, I'm about to do something very naughty.

As you may imagine, I'm rather desperate

You acquired that power of yours, that let you survive up until now.

Honestly, my chances right now are zero

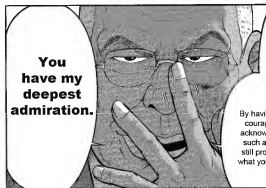

This is the nature of psychological warfare.

D- did he seriously just say he's going to cheat?

As expected of The Most Dangerous Man in Europe.

He says he will do it, and when you're left wondering, that's when he strikes.

An illusionary bluff

It seems like
the Americans
are indulging
in a bit of
cheating
as well

That Powell
certainly can
hold his own.

Heh...
terrific!

If you're still
resolved,
shall we
continue?

Snipers
are situated
on the
tapis all
around us.

We catch
you a single
time, and
your body
will have a
few new
holes.

**The
wind...?!**

It all depends on Secretary Powell's discard!

ハイ...

He's just a single tile away from chin'itsu tenpai!

Amazing!

ハイ

What?!!

Oooh, a Mahjong level of 8000!
Oooh, you've got some high-scoring hand that I don't know about!

You know what?!
Whatever hand you're going for...

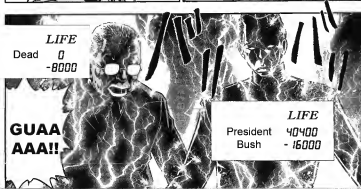

I'm so scared!

**IT'S COMPLETELY
USELESS!**

CHIHO!!!

That was
a cheat!!!

We've got
you now!!!
Snipers!!!

Impossible...!!
He had to have cheated...!!

If we can't figure out how he did it by the next round...!

Ugh... the bastard's already gotten away with it once!!

Where the
hell could
he have
done it?

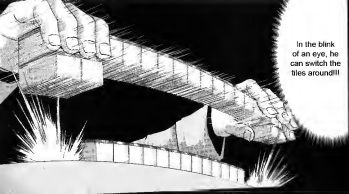

Th-
That's..

**TSUBAME
GAESHI?!!!**

自分の
手牌

The nature of
Tsubame Gaeshi
is a trick performed
while a player lays
down his tiles!!!

Ahhh! So the
source of that
whirlwind was
none other than
the Tsubame
Gaeshi!! What
divine speed!!

In the blink
of an eye, he
can switch the
tiles around!!!

This is yet
another lost
technique!!

**THAT
IS...!!!**

**HOWEVER,
THERE
REMAINS
BUT ONE
MYSTERY!!!**

How on earth was he able to fix the tiles like that...?

"Tsubame Gaeshi is impossible with automatic tables"....

It may be automatic,
but it's not omnipotent.
Remember, from time
to time, the tiles are
all shuffled together.

Skorzeny displayed
tremendous accuracy
and nimbleness when
inserting his tiles
into the table.

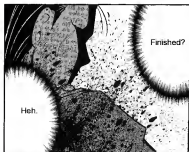

He then collected
the prepared tiles
into his wall!!

Heh.

Finished?

Now...

It's
finished.

**Don't be
so naive!!!**

Hmph, it seems that the goddess of luck smiles down upon me to the very end.

Well well, how about that. None of those bullets manage to strike my heart

That wind, then, is
from... hall!

Skorzeny's on the
verge of death, he
can't be the one...

Jesus...
How...!!

Skorzeny was just
a decoy!! The
Tsubame...

Mr. President!
Their true
objective, I finally
understand it!!

**It wasn't
just him!!**

When a wing slices through the atmosphere at high speeds, it creates a wake in its path.

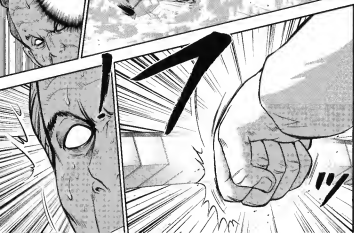

That was the sign of incredible high-speed manipulation of tiles!!

That was the true nature of the cloud that appeared around the table!!

THERE!!

**MESSERSCHMITT
SCHWALBE!!!!**

I couldn't
catch
even
a trace!!

It was
impossible
to see
anything
through that
cloud!!!

It flies
like a jet.

Beware, the
Bird of the
Nazis.

I am
the
dealer.

How could
we do that...
completely
overlook this
deceit...!!

The
yakuha!!
President!!

But I can't
do a thing!!

He's dropping
the kan'tsu?!!

Ugh... I
can't move

I have no

So this is the true power of the Vatican.

Hmm, yes, I see now.

Gunn

Amazing... It felt like the entire world just trembled.

As we thought... the latest in the line is the most powerful yet. Truly admirable.

Back then, he probably wasn't even using a tenth of his potential.

Indeed.

Yes, you will suffice as our opponent.

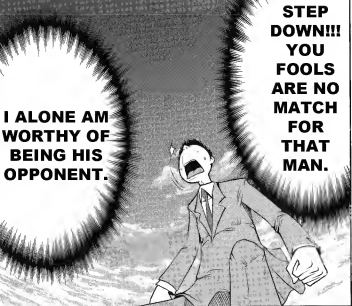

You will be playing us!!

Huh?

The greatest

The tyrant that
plunged Europe into
a nightmare...!!

His name is...

Taizo felt as if
the ambient

It could more

be called a

In any
case, Taizo
instinctively
knew.

I mustn't

I mustn't
look at it!

His instincts
told him.

look directly
at him!!"
